

Prof.Dr. Glsm ANEL, Ankara University, Nursing Faculty, Ankara

I received a bachelor's degree from Hacettepe University in 1984. Between 1984 and 2003, I have worked as a headnurse in the psychiatric clinic for 10 years and 9 years in the nursing management department on administration, education, research and quality improvement . Due to these works, I was awarded "Outstanding Service Award in Public Officer" in 1991. During my business life, I involved in International and National scientific conferences etc.. While I was continuing my working life, I completed Master degree in 1986 and PhD. degree in 1996 from Hacettepe University Institute of Health Sciences. Then I invited to Ankara University with an academic position in 2003, got academic degree as Associate Professor in 2010 and full Professor in 2015.

Until now, I have been giving courses on Mental Health and Psychiatric Nursing, in Bachelor's, Master's, and Doctoral Degree programs in Psychiatric Mental Health Nursing and Family Counseling and conducts a wide range of thesis advisories . I also gave a nursing management course in Bachelor's program between 2003-2013. Currently I am a senior lecturer and associate editr in an international journal, scientific reviewer in national and international journals and have published many scientific articles in national and international journals, a book on codependency and many book chapters.

In addition to my academic duties, I have worked as the head of Nursing Department of the Health Sciences Faculty and Health Institution of Ankara University. I've been working as vice-dean OF Nursing Faculty since 2018.

In order to provide my professional development and to provide effective service to the society, I participated in various training and scientific activities in Turkey and abroad. With Erasmus training mobility, I visited to Keele University and worked as "Honorary Research Visitors" in City University in London. Within the scope of service to the community I have been involved in the following projects and studies;

- Population Studies in the Institute of Population Studies in Turkey, 1984
- With the support of the World Bank, The creation of Professional Standards in Health Sector,1999-2000
